Honoring the American Dedication to Service

hen the Veterans Memorial Project of Racine County was dedicated in 1993, it was constructed totally through the efforts of Racine County Citizens.

This unique memorial is located on the grounds of Pritchard Park in Racine in the area just south of the Ohio Street Park entrance. Here are a few of the many reasons to support this noble project:

- The Memorial is a unique place where veterans and non-veterans, alike, can examine their own experience with the concept of service.
- It is a monument worthy of those who made the supreme sacrifice for our country.
- ♦ It is a location for inspirational and patriotic flag display.
- It is a place to recognize the generosity of the donors who made it possible.
- ♦ It also features handicap access, simplicity of design for ease of maintenance and a dedication stone that explains the memorial's significance for visitors.

We encourage all who wish to express their gratitude to become part of this project. You can honor a loved one with a donation for an inscribed paving brick. Please use the order form in this pamphlet. Donation categories range from \$35 to \$2,500 or more.
